TALENTS

Erudition (Animal Care, Medicine, Discipline) -
When you make a test, you count as having the
chosen expertise, and you count as having one
additional rank of each of the chosen skills.

Field Medicine - Spend 1 focus to make a DC 15
Medicine test to treat a conscious willing
character within your reach, and roll the
target's recovery die as part of this test. You
gain a disadvantage if you're treating yourself.
On a success, your target recovers health equal
to the result of their recovery die + your ranks
in Medicine. On a failure, your target only
recovers health equal to the result of their
recovery die.
