TALENTS

Decisive Command (action)

Spend 1 focus to give an ally within 20 feet a d4 command die. They can add it to one die roll on their next test.

Tactical Ploy (action)

Test Deception vs. Cognitive to make your target lose one reaction and gain a disadvantage on their next cognitive or spiritual test.

Cutthroat Tactics (special)

Your ally can raise the stakes instead of rolling your command die; if they roll Complication, you recover 1 focus.

Rumormonger (special) Spend 2 focus to add Opportunity when you make a test to spread misinformation or gather rumors.

Well Dressed (special)

Gain an advantage on your first Deception, Leadership, or Persuasion test.

Baleful (constant)

To resist your influence, a character must spend additional focus equal to your tier.

Set at Odds (2 actions)

Spend focus equal to the number of targets you want to seed division among. Test Leadership vs. their highest Spiritual to make them hostile to each other.

Shrewd Command (special)

Increase the size of your command die. Spend 1 focus to add your command die to your Deception, Insight, or Leadership d20 roll.

NOTES, CONTINUED

Secrets:

While always very friendly towards the alethi companions, Ganxir cares little about them or their mission, only access to their leader and potential alliance matters.

Though openly working against Tukar, Ganxir schemes with their politicians to prolong the war for personal gains.

When emuli forces recently attacked Sesamalex Dar, they would overwhelm the tukari if not for Ganxir, who sold attack plans, causing death of many emuli troops.
